

About The National Defense Magazine

As a professional news medium, our task is to cover the Norwegian armed forces, as well as local and international security policy.

Our independent position is in accordance with the Act on Editorial independence and responsibility in editor-controlled media. The content of the web pages and the paper is independent of what the political or military leadership might think.

Forsvaretsforum.no - Here you meet a wide range of readers. Employees in the armed forces, people with a background in the armed forces, politicians, policy makers and managers in large corporations. Readers are among other things interested in: Security, procurement and technology.
